Matthew Alexander Henson was an African American explorer who accompanied Robert E. Peary on most of his expeditions, including that to the North Pole in 1909. Orphaned as a

American Commander Robert Peary, his assistant Matthew Henson, and four Inuit men arrived at what was, according to Peary's reading of his sextant, exactly 90 degrees north latitude.

In April 1909, American explorer Robert Peary (shown here) claimed he, assistant Matthew Henson and four Inuit men reached what they believed to be the North Pole.

Descubre cómo las baterías a gran escala permiten almacenar energía eléctrica, mejorar la gestión del sistema y asegurar el suministro en momentos clave.

Robert Peary is the first person to reach the North Pole. He did so in 1909 with Matthew A. Henson, and four what was then called Eskimos.

Una batería BESS (Battery Energy Storage System, por sus siglas en inglés) es un sistema de almacenamiento de energía mediante baterías que juega un papel crucial en la estabilización de

His first attempt to the North Pole was in 1898, during the sixth Peary expedition, which was then followed by a second attempt in 1905. Each failed expedition taught Peary and his

Matthew Henson was an African American explorer best known as the co-discoverer of the North Pole with Robert Edwin Peary in 1909.

Explore Robert Peary's 1909 North Pole claim?how Inuit knowledge shaped his journey, Matthew Henson's role, and why the controversy still lingers.

Almacenamiento de energía en baterías de litio para redes eléctricas

Este artículo ofrece una guía completa sobre las centrales eléctricas de almacenamiento en baterías (también conocidas como centrales de almacenamiento de energía). Estas instalaciones

After several record-setting journeys, Peary and Henson, along with a small team, claimed to have reached the North Pole on April 6, 1909. Their expedition was characterized by challenges such as

En la búsqueda de soluciones para el almacenamiento de la energía generada por fuentes renovables, las baterías de ion litio son las soluciones más extendidas en la actualidad dada su relación entre
