En BSLBATT, damos prioridad a la calidad y seguridad de nuestros productos. Al asociarnos con CATL, REPT, EVE y otros importantes fabricantes de baterías, nos centramos únicamente en la tecnología

It is an one-stop integration system and consist of battery module, PCS, PV controler (MPPT) (optional), control system, fire control system, temperature control system and monitoring system.

BSLBATT lithium forklift batteries fully charge in just 90 minutes, support opportunity charging, and work with all major forklift brands, helping three-shift warehouses eliminate battery swaps, cut downtime,

LithiumStorage (lithiumstoragebattery) offers customized lithium batteries for forklifts, supporting multiple voltages (24 V, 36 V, 48 V, 80 V) and capacities to meet a wide range of operational

With our expertise in battery technology and deep understanding of the unique requirements of forklift applications, we offer customized forklift battery cell solutions to meet your specific needs.

With a rugged industrial-grade design and robust Battery Management System (BMS) protection, our batteries deliver consistent and reliable power for forklifts operating efficiently in long shifts, cold

Choose Lithium-Ion or Lead Acid battery-powered forklifts for zero maintenance and emissions, optimized operations, and lasting performance.

Electric lithium battery forklifts produce no emissions, making them ideal for indoor use in areas where air quality is a concern. Their smooth and quiet operation enhances the work environment and

Ulaanbaatar electric forklift solar battery cabinet lithium battery pack

Discover long-lasting lithium forklift batteries built for performance, safety, and sustainability. Lower costs, zero maintenance, and up to 3x longer life than lead-acid.

Our practical, durable cabinets are manufactured from aluminum, and lined with CellBlock's Fire Containment Panels. CellBlockEX provides both insulation and fire-suppression, to keep your assets
